

Placements report – 2014

The Final Placement Report for the batch of 2012-14 indicates an increase in the number of companies and offers made on campus compared to the first batch. This is the second batch of outgoing students for the new campus of Institute of Management Technology at Hyderabad. The placement record for the class of 2012-14 has exceeded expectations with around 80 companies visiting the campus for recruitment with 120 offers. The participating recruiters appreciated the students for their analytical abilities, communication skills and leadership potential. With a few companies offering overseas positions, this year's recruitment process had some of the renowned names. Following are the highlights of the process.
