

Placement Report - 2013

The Placement season at a B-School is a time when students see their efforts translated into opportunities to work with leading corporates across different sectors. This placement season at the Institute of Management Technology (IMT)Hyderabad was one of the most anticipated seasons as it was for its Pioneering Batch.

The final placements for the Class of 2011-13 of the institute were a resounding success:-

1. 52 companies participated in the process.
2. Al- Mazro, a Riyadh -based Health and Wellness firm, made the highest offer of INR 14.50 lakhs to two students for Senior Management profiles at international locations.

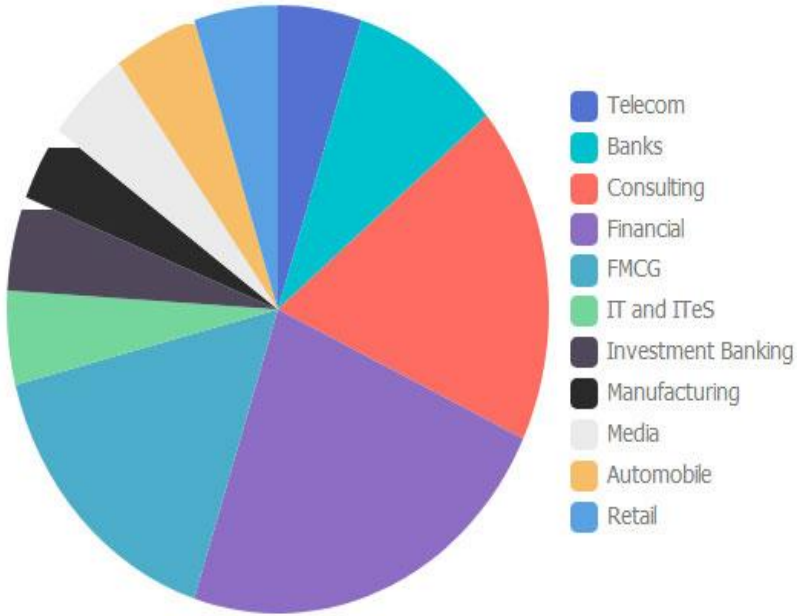

The participating recruiters were highly appreciative of the students for their sound analytical ability, effective communication skills, and leadership potential, with select recruiters also offering students posting in international locations. Pre-placement offers were made by Denuosource – an analytics company to students who completed their summer internship with them.

The profiles offered to students were in the areas of Finance, Marketing, Consulting, Operations, Information Technology and General Management. Recruiting companies also came from a wide variety of sectors like Investment Banking, Management Consulting, Automobiles, Heavy Industry, Education and Solar Technology.
